

THE WHITGIFTIAN ASSOCIATION  
In time for Christmas!

*Specially Selected by Whitgiftians for Whitgiftians, their Friends & Families*

## The Whitgiftian Association Claret

This delicious 2009 Oak Matured Claret from the Maison Sichel vineyard in Bordeaux has been specially selected by the WA at the remarkably good price of £125 per dozen, delivered to your door.

### Drink now - or lay down for future years

Treat yourself and others to this delicious Chateau-bottled Claret, ready for immediate drinking or a perfect investment for your future enjoyment.

### An Excellent Vintage

2009-10 were excellent years for Bordeaux wines, unlike the following three years when the weather did not favour good harvests in the region. Consequently, experts are predicting a shortage of fine claret for some years to come. This WA Maison Sichel is for drinking now and will most likely improve with laying down.

### Selected by OWs for OWs...

This wine, blind tasted by a panel of Old Whitgiftians and their partners in the Founder's Room at the School earlier this year, emerged as the clear winner from the six first-class clarets supplied by Ellis of Richmond, although by no means the most expensive!

### Outstanding Value

During the tasting, price was not a consideration and, in fact, the Maison Sichel represents outstanding value for money. Only available to selected clubs and institutions, it

would cost considerably more than £10.50 a bottle in the High Street - and, remember, if you order in dozens, that includes delivery to your door!\*
